Hosting family this month? 🎄 A quick walk through your home before guests arrive goes a long way. Check for loose rugs, dim hallways, and steps without a sturdy handrail. Small fixes like night lights and secured cords help everyone, from grandkids to grandparents, get around safely. Want a second set of eyes? We offer a free in-home safety assessment.
Holiday hosting checklist 🎄 ✔️ Secure loose rugs ✔️ Add night lights in halls and baths ✔️ Clear walkways of cords and décor ✔️ Check handrails on every step #ParkLynnCircle #PLCConstruction #PinellasCounty #TampaBay #Largo #AgingInPlace #HolidaySafety #HomeSafety
Did you know lever door handles are easier to use than round knobs for anyone with arthritis or a full set of grocery bags? 🛍️ It's one of the simplest upgrades for staying comfortable in the home you love. #ParkLynnCircle #PLCConstruction #PinellasCounty #TampaBay #Largo #AgingInPlace #AccessibleHome #HomeTips
Winter visitors are back in Pinellas County. For many families, this is the season when adult children visit aging parents and notice what's become harder at home: stairs, tubs, tight doorways. We work with families, care managers, and senior living professionals to plan safe, practical home modifications. If you serve older adults in Tampa Bay, we'd love to connect. #AgingInPlace #SeniorCare #PinellasCounty
Welcome back, winter neighbors! ❄ If you're visiting parents or family this season, take a look around their home together. Is getting in and out of the tub harder than it used to be? Are the front steps tricky? We're happy to talk through options, no pressure.
Curbless showers: no step, no ledge, just walk (or roll) right in. 🚿 They look clean and modern and make daily routines safer for every age. #ParkLynnCircle #PLCConstruction #PinellasCounty #TampaBay #Largo #AgingInPlace #BathroomRemodel #CurblessShower #AccessibleBathroom
The bathroom is where many slips at home happen. A few changes that help: • Grab bars placed where you actually reach • Non-slip flooring • A comfort-height toilet • A curbless or walk-in shower We can help you figure out what makes sense for your home.

Holiday cooking season! 🍪 A safer kitchen can mean pull-out shelves instead of deep cabinets, good task lighting, and a lowered workspace for sitting while you prep.

Veterans with service-connected or qualifying needs may be eligible for VA home modification benefits such as the HISA program. Eligibility and amounts are set by the VA.

We're glad to walk veterans and their families through the home side of the process.

#Veterans #VAHISA #AgingInPlace

To the veterans in our community: thank you. 🇺🇸 The VA has programs that may help with home modifications like ramps and accessible bathrooms. Eligibility is decided by the VA, and we're happy to help you understand the home side of it.

Lights up! 💡 Outdoor holiday lights look great, but keep cords off walkways and steps, and use outdoor-rated extension cords. A well-lit entry also helps guests get in safely after dark.

Holidays can bring big family conversations, including when a loved one is ready to move. Our PLC Transition Service helps with cleanouts, donations, repairs, and getting a home ready for its next chapter.

From home to home, we handle the rest.

Senior placement advisors and assisted living teams: our PLC Transition Service supports families with estate cleanouts, donation coordination, repairs, and listing prep across Pinellas County.

Question

Are real before and after job photos available for the Dec 16 post? It stays a placeholder until then.
Should we post on Christmas Day (Dec 25) or skip it?
Is the VA HISA wording acceptable to Shaun, and should we link the Resource Center Veteran Funding page?
Does ParkLynn want a religious greeting (Merry Christmas) or only Happy Holidays?
Is the office closed any days between Dec 24 and Jan 1, and should posts mention it?
Are we promoting the 25 point Home Safety Checklist download this month?
Confirm the free in-home assessment offer is still current.
