Hi neighbors! 👋 We're ParkLynn Circle Construction & Remodeling, a family-owned, licensed Florida contractor here in Pinellas County. We help families create safer, more functional homes for every stage of life, from accessible bathrooms and kitchens to room additions, ADUs, and whole-home remodels. As our owner Shaun Carroll puts it: we do every project with the same care we'd expect if we were working on our own home. From our family to yours, thanks for being here!
From our family to yours 💙 We're ParkLynn Circle Construction & Remodeling, a family-owned, licensed Florida contractor serving Pinellas County. Safer, more functional homes for every stage of life. #ParkLynnCircle #PLCConstruction #FamilyOwned #PinellasCounty #TampaBay #Largo #FloridaContractor #HomeRemodel #AgingInPlace #AccessibleHome #BathroomRemodel #KitchenRemodel
ParkLynn Circle Construction & Remodeling is a family-owned, licensed Florida contractor (CRC1334290) serving Pinellas County. Our work spans accessible bathrooms and kitchens, whole-home remodeling, room additions and ADUs, home accessibility modifications, PLC Transition Services, and commercial renovations and ADA improvements. Our focus: creating safer, more functional spaces for every stage of life, built with craftsmanship and honest communication. We look forward to connecting with homeowners, care professionals, and local businesses across Tampa Bay. #AgingInPlace #PinellasCounty #Construction
Quick bathroom safety tip 🛁 High tub walls and shower curbs are among the most common trip points in a home. A walk-in or curbless (zero-entry) shower removes that step entirely, which makes bathing easier for seniors, wheelchair users, and anyone with mobility concerns. Add grab bars, a handheld shower wand, built-in seating, and non-slip flooring and you get a bathroom that is safer and still beautiful. Thinking about a tub-to-shower conversion? We offer a free in-home assessment anywhere in Pinellas County. Call (727) 386-6788. Words like these are why we do what we do. 💙

"If you are looking for a company for home renovations to make life a little easier to navigate at home, call PLC Construction & Remodeling. They do home modifications for seniors and people with disabilities, are compassionate, honest, and reliable." ⭐⭐⭐⭐⭐ Cheryl P., Google review

Thank you, Cheryl! If you've worked with us, we'd love to hear about your experience too.

"Compassionate, honest, and reliable." ⭐⭐⭐⭐⭐

Thank you, Cheryl, for the kind Google review! Helping families make home a little easier to navigate is the heart of our work.

Wider doorways, easier days 🚪

For anyone using a wheelchair or walker, a tight doorway can turn every room change into a struggle. Our doorway widening work can include reframing openings, installing wider doors, adjusting trim and flooring transitions, and adding accessible lever hardware.

The goal: a more open home that supports independence without sacrificing its look.

---

Happy Veterans Day 🇺🇸

To every veteran in Pinellas County and beyond: thank you for your service.

If you or a veteran you love wants to stay safe and independent at home, the VA's HISA grant may help cover certain home modifications. Our Resource Center has a Veteran Funding section that walks through eligibility and the VA home modification process, and we're happy to answer questions.

---

On Veterans Day, we thank all who have served.

For care managers, VA social workers, and families supporting veterans: home modifications such as curbless showers, ramps, and doorway widening can make a real difference in safety and independence at home. The VA HISA grant may help eligible veterans fund certain modifications.

ParkLynn Circle's Resource Center includes guidance on navigating HISA. We welcome questions from professionals and families across Pinellas County.

Need more space without moving? 🏡

A few room addition ideas Florida homeowners love:
• A sunroom or Florida room for year-round natural light
• A garage conversion into a climate-controlled bonus room
• An in-law suite for an aging parent, close by with privacy
• A home office for quiet, focused work

We handle every phase, from planning and permitting to construction and finishing touches.

---

Senior transitions involve far more than a move.

PLC Transition Service coordinates the tasks that come before, during, and after a move to assisted living, independent living, or a family member's home: estate cleanouts, furniture removal, donation coordination, packing coordination, deep cleaning, painting, flooring, repairs, and listing prep.

We partner with families, senior placement agencies, and assisted living communities in Pinellas County to make the process smoother and less stressful for everyone involved.

#SeniorLiving #SeniorTransitions #PinellasCounty

Helping Mom or Dad move to senior living? From home to home, we handle the rest. 💙

Our PLC Transition Service brings estate cleanouts, furniture removal, donation coordination, deep cleaning, painting, repairs, and listing prep under one trusted partner, so your family can focus on each other.

Questions? We're happy to talk it through.

Before & after: the tub-to-shower conversion 🔄

BEFORE: a high tub wall you have to step over.
AFTER: a spacious, low-threshold or curbless walk-in shower with grab bars and non-slip tile.

Tub-to-shower conversions are among our most popular projects because they improve safety, accessibility, and home value.

"ParkLynn did a full remodel and room addition after my grandmother had surgery. They completed it prior to her release from rehab. Highly recommend these guys!" ⭐⭐⭐⭐⭐
Daniel M., Google review

Thank you, Daniel. It was an honor to help your family get ready to welcome her home. 💙

Hosting family for Thanksgiving? 🦃 A quick home safety walk-through before guests arrive:

✅ Clear walkways and secure loose rugs
✅ Add night lights from bedrooms to bathrooms
✅ Check that grab bars and stair railings feel solid
✅ Make sure the entry is well lit with no trip hazards
✅ Keep a sturdy chair near the shower for guests who need it

Want a deeper look? Download our free 25-point Home Safety Checklist at parklynncircle.com.
